This presentation contains forward-looking statements. All statements other than statements of historical facts contained in this presentation, including statements regarding the Company's future results of operations, financial position and cash flows, expectations regarding its growth and margin expansion, including in international markets, ability to achieve and maintain profitability, business strategy, ability to maintain existing, and establish new, strategic partnerships or other arrangements with Buyers or Suppliers on the Company's platform, the potential for acquisitions, and the Company's share of the market, the impact of macroeconomic factors, including tariffs, on the Company's business, the potential market size for the Company's platform and other solutions and plans and objectives of management for future operations are forward-looking statements. These statements involve known and unknown risks, uncertainties and other important factors that may cause the Company's actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Because forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified and some of which are beyond the Company's control, you should not rely on these forward-looking statements as predictions of future events. Risks regarding the Company's business are described in detail in its Securities and Exchange Commission (SEC) filings, including its Annual Report on Form 10-K for the year ended December 31, 2025, and its other filings with the SEC, including the Company's Quarterly Report for the quarter ended September 30, 2026. The events and circumstances reflected in the Company's forward-looking statements may not be achieved or occur and actual results could differ materially from those projected in the forward-looking statements. Except as required by applicable law, the Company does not plan to publicly update or revise any forward-looking statements contained herein, whether as a result of any new information, future events, changed circumstances or otherwise.

This presentation also contains estimates and other statistical data from both independent third parties and the Company relating to market size and growth and other data about the Company's industry. This data involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. While the Company believes the estimates and statistical data from these independent third parties are reliable as of the date of this presentation, it has not independently verified, and makes no representation as to the adequacy, fairness, accuracy or completeness of any information obtained from these third parties. Neither the Company nor any other person makes any representation as to the accuracy or completeness of such data or undertakes any obligation to update such data after the date of this presentation. In addition, projections, assumptions and estimates of the Company's future performance and the future performance of the markets in which the Company operates are necessarily subject to a high degree of uncertainty and risk.

In light of the foregoing, you are urged not to rely on any forward-looking statement or third-party data in reaching any conclusion or making any investment decision about any securities of the Company.

This presentation contains non-GAAP financial measures and key metrics relating to the Company's past performance. These non-GAAP financial measures are presented in addition to, and not as a substitute for or superior to, measures of financial performance prepared in accordance with U.S. GAAP. There are a number of limitations related to the use of these non-GAAP financial measures versus its nearest GAAP equivalents. For example, other companies may calculate non-GAAP financial measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of the Company's non-GAAP financial measures as a tool for comparison. The Company has provided a reconciliation of measures to the most directly comparable GAAP measures, which is available in the Appendix.

Raising FY2026 Outlook

Q4 2026

- For Q4 2026, we expect revenue of $254-$256 million, representing 32–33% growth year-over-year driven by 35-36% marketplace growth.
- For Q4 2026, we expect Adj. EBITDA[1] of $22-$22.5 million, an improvement from an Adj. EBITDA of $8.4 million in Q4 2025.

FY 2026

- For FY 2026, we are raising our revenue growth outlook from previous guidance of at least 33-34% to at least 37% driven by ~41% marketplace growth.
- For FY 2026, we expect Adj. EBITDA in the range of $68-$68.5 million, an improvement from an Adj. EBITDA of $18.5 million in FY 2025.

1. Reconciliation of Adjusted EBITDA on a forward-looking basis to net loss, the most directly comparable GAAP measure, is not available without unreasonable efforts due to the high variability and complexity and low visibility with respect to certain charges excluded from this non-GAAP measure, including interest and dividend income, benefit for income taxes, charitable contributions of common stock and impairment of assets. Xometry expects the variability of these items could have a significant, and potentially unpredictable, impact on its future GAAP financial results.
